

Basic Detail Report

Horny toad

Primary Maker

Artist not recorded

Medium

Wood, paint

Description

Wood carving from found wood of a horny toad with four legs. The toad has a red mouth and eyes, is painted white with brown splotches, and has black bumps all over its back. The tail appears to be a curling twig painted alternating stripes of green, black, and yellow. Two ears painted white with black lines stand up from the head.

Dimensions
