Description

Cordova style chip carved candle holder (a) holds five blue plastic cups (e-i) with white wax candles (unaccessioned). Holder hangs from the upright (b)

attached to the back. A dark wood nail (d) can be used to hang it. The other small dark wood peg (c) serves as a plug to secure the upright. The design elements are two carved dark wood rosettes on the removable piece. A rosette on each end and seven more across the front along with a series of holes on the top and bottom edges. Light colored wood is used for all parts except for the rosettes.
