Basic Detail Report

Abstract owl brooch

Date

Mid-20th century

Primary Maker

Bernice Goodspeed

Medium

Silver, turquoise

Description

This stylized owl brooch is comprised of silver with turquoise accents. The head shape of the owl is similar to that of a great horned owl, with ear or horn shaped tufts of feathers atop its head. The sides of the face are rounded and small in comparison to the horned feathers. Each eye is a small round piece of inlayed turquoise set in silver. The back of the brooch has a sharp pin and latch mechanism.

Dimensions

1 1/4 × 3/8 × 1 3/16 in. (3.25 × 1 × 3 cm)
