

Basic Detail Report

Pew

Medium

Wood

Description

Wood church pew with tall end posts (stiles), carved with stepped, narrowing tops. One high, thick back rail, incised with simple, ornamented leaf-like forms and with carved top and bottom. Foot rails at front and rails along sides. Carved and pierced ornamentation on front apron just below worn, flat, cracked seat. Front seat corners cut out to allow for front leg. Proper left front leg repaired at seat level. Mortise and tenon construction.

Dimensions

42 3/4 × 72 1/2 × 17 in. (108.6 × 184.2 × 43.2 cm)
