

Philadelphia Wireman Sculpture

Date

ca.1970-1975

Primary Maker

Philadelphia Wireman

Medium

Metal wire, plastic

Description

This sculpture is comprised of wire, a paperclip, zip tie, and a brass grommet. The larger piece of wire wraps around the paperclip on the interior while the zip tie is interwoven between the wire wrapping. The sculpture has bright orange oxidation on the lower half. The sculpture has a custom black metal base.
