

Basic Detail Report

Fish trap basket

Medium

Wood, bamboo, rattan

Description

Black wood tubular splint basket with nearly straight sides and round ends, both open. The entrance end is secured with three bamboo bent wraps and a conical splint interior piece pointing toward the other end, with an opening at the center. Inner and outer baskets lashed together by 2-3 bent wood strips. The holding end is covered by a convex woven rattan lid, the rim secured by a bamboo wrap. The lid is tied to the basket at four locations with

rattan loops and twisted "strings." Ends of inner basket pointed.
