

Basic Detail Report

Jar

Date

Mid-18th century

Medium

Earthenware with tin glaze and cobalt blue in-glaze decoration

Description

Flattened globular shape with nearly equal neck and base is an excellent example of Puebla solution of proportions. Blue painted shield or trefoil containing three crowns and an Arabic, eight pointed star follows the form handsomely. Hooked scrolls w/ dotted edges present within and without the shield.

Dimensions

9 7/16 × 10 1/4 × 10 1/4 in. (24 × 26 × 26 cm)
