

Rocking Horse

Date

19th Century

Medium

Wood, steel, leather, paint, cloth, horse hair

Description

Carved wood rocking horse with a circular steel spring attached to the rear legs to allow it to bounce up and down. The painted light-colored horse has a leather saddle on a cloth saddle blanket with leather and metal harness and reins. The mane and tail are horsehair. The spring mechanism is attached to a wooden frame painted

green.
